Jennifer, Malalai, Denise and Lica

Today we had the pleasure of spending a couple of hours interviewing [Malalai Joya](#) for this website. In our women's meeting we discussed amongst many other topics regarding our activisms, the situation of the women in Afghanistan, of afghani women seeking asylum in Germany,

[the impeachment of Dilma Rouseff](#)

in Brazil and how we politically active women from different parts of the world can develop a strong international solidarity. The interview will be posted soon.
